**NOTICE OF PUBLIC COMMENT PERIOD AND OPPORTUNITY  
FOR A PUBLIC HEARING REGARDING AN APPLICATION FOR A DRAFT  
TIER I PERMIT TO OPERATE AN AIR POLLUTION-EMITTING FACILITY**

**SUBJECT:** Application No.T1-060110 for renewal of a Tier I operating permit for an air pollution-emitting facility and proposed action: Potlatch Forest products Corp. -- Post Falls. The company's general nature of business is the production of particleboard. Potlatch Forest Products Corp. has applied for renewal of their Tier I operating permit, which consolidates all existing air permits and state and federal air quality requirements that apply to the Post Falls facility into one document. Under a Tier I permit, no facility can increase emissions above those allowed in any current permit, consent order, or other enforceable document.

**PURPOSE:** The Idaho Department of Environmental Quality (DEQ) has scheduled a period to receive public comments under Docket No. 10AP-0616 concerning the air quality aspects of the project application and the proposed action.

**AUTHORITY:** In compliance with Section 58.01.01.364, Rules for the Control of Air Pollution in Idaho, notice is hereby given that Potlatch Forest Products Corp., Post Falls, Idaho, has applied to the DEQ for a Tier I permit to operate an air pollution-emitting facility located at 401 N. Potlatch Road. Notice is also given that a period for public comment has been scheduled along with an opportunity for a public hearing.

**PUBLIC HEARING OPPORTUNITY:** Pursuant to Section 58.01.01.364, opportunity for a public hearing for interested persons to appear and submit written or oral comments may be provided if written requests are submitted to the undersigned on or before August 16, 2006. Hearing requests should include a brief statement explaining why a public hearing on the air quality aspects of the project would be beneficial.

The selected meeting site will be accessible to the physically disabled. Interpreters can be provided upon five days notice for persons with hearing impairments. For arrangements, contact the undersigned at (208) 373-0234. Braille or taped transcripts can be provided after the meeting for persons with visual impairments.

**PROPOSED ACTION:** The DEQ has reviewed the application and completed a draft Tier I operating permit based on the information submitted by the applicant.

Based on this analysis, the DEQ proposes to issue a draft Tier I operating permit to Potlatch Forest Products Corp. -- Post Falls. Following the public comment period (and public hearing if requested), the DEQ will evaluate comments received and develop a proposed permit. The proposed permit will be submitted to the Environmental Protection Agency (EPA) for a 45-day review period. The Tier I operating permit will either be issued to the facility or redrafted if the EPA provides substantive comments that would result in an EPA veto of the proposed permit.

**AVAILABILITY OF MATERIALS:** A package containing the information submitted by the applicant, DEQ's analysis, and the draft action will be available for public review at the following locations:
